## PROFILE

I am a Computer Engineering graduate from KMUTT with strong interest in software development and building impactful digital solutions. I've worked on full-stack projects using React, Node.js, and Next.js during my academic and internship experience. My exposure to IT Service Management deepened my curiosity in how software improves business efficiency. I enjoy writing clean, scalable code and continuously learning through hands-on work. With a solid technical foundation, I'm eager to grow as a Software Developer and drive meaningful innovation.

## WORK EXPERIENCE

**InternShipHub-University, Senior Project**                    Feb 2025 - May 2025
- Led frontend development using Next.js, integrating KNN-based job prediction. Built core features (blog search, dashboard) and improved UI/UX through user testing for successful deployment.

**ServiceNow Associate Consultant, Fujitsu (Thailand) Co., Ltd.**          Feb 2025 - Apr 2025
- Designed and implemented ServiceNow solutions tailored to customer requirements as part of mock-up projects.
- Provided day-to-day support by handling tasks assigned by the team.

**Full stack Dev, Web app record for rent item, Part-Time**          Sep 2024 - Nov 2024
- Designed and developed a web application based on customer requirements.
- Collaborated with the team to implement and deploy the project successfully within defined timelines.

**ServiceNow Trainee, Fujitsu (Thailand) Co., Ltd.**          June 2024 - Aug 2024
- Collaborated with a team to design and implement ServiceNow solutions tailored to customer requirements, ensuring alignment with business objectives(mock-up projects).
- Contributed to mock-up projects to demonstrate and refine solutions.

**Front-end Developer , Reservation Room Mobile Application**          Sep 2023 - Dec 2023
- Implemented application interfaces based on detailed UI designs, ensuring consistency with the design specifications.
- Developed application interfaces aligned with the project concept, enhancing user experience and functionality.

## EDUCATION                                                     Aug 2020 - May 2025

**Bachelor of Engineer in Computer Engineering**
King Mongkut's university of technology Thonburi
[GPAX : 3.21 ( 8 Semesters) ]

## ADDITIONAL INFORMATION

- **Technical Skills:** HTML, CSS, JavaScript, Nodejs, MySQL, React, Bootstrap 5, React-Native, SQL NextJS, Material UI, Express, Git, Firebase, ServiceNow
- **Tool:** VScode, Jira, Figma, Github, Vercel, ServiceNow, Microsoft Office
- **Certificate:** ServiceNow Certified System Administrator, Thailand Cyber Top Talent 2024, Basic Cybersecurity, Road to CybersecurityGeneration #5, CHOICEISYOURS 2023, Microsoft AI for Accessibility Hackathon 2023

# EXTRA-CURRICULAR ACTIVITIES

**Thailand Cyber Top Talent 2024**

Participants

- Thailand Cyber Top Talent 2024, hosted by NCSA, promotes cybersecurity skills through CTF challenges, expert-led seminars, and demonstrations, uniting students and professionals to enhance cybersecurity awareness and expertise

**NCSA CTF Boot Camp 2024**

Participants

- The NCSA CTF Boot Camp 2024 promotes cybersecurity awareness and career guidance through interactive Capture The Flag activities for secondary to tertiary students in Nakhon Ratchasima.

**Road to Cybersecurity Generation #5**

Participants

- SOSECURE have a study project designed for 3-4th-year IT students interested in cybersecurity. This camp focuses on laying the foundational knowledge necessary for careers in cybersecurity.

**INENG Lab Staff at KMUTT**

Team Member

- About jobs : Staff of the Robotics Lab of the Computer Engineering. Has experience in teaching and holding camps about robots many times. Have an understanding of the basics of robots and basic sensors

**Microsoft AI for Accessibility Hackathon 2023**

Team Member

- Microsoft AI for Accessibility Hackathon 2023 promotes tech innovation to aid disabilities, fostering inclusive solutions through community collaboration and competition.

**CHOICEISYOURS 2023**

Team Leader

- In 2023, the CHOICEISYOURS project promotes sustainability by encouraging students to propose Circular Economy projects benefiting society long-term.

**Computer Programming Teaching Assistant at KMUTT**

Part Time

- **About jobs :** The Teaching Assistant ( C language ) will collaborate with faculty to support computer programming courses and offer guidance to students.

**Hardware House Admin Support at KMUTT**

Part Time

- About jobs : The Hardware Admin Support organizing, and assisting with the deployment of hardware equipment while providing essential administrative support to the class.
